RE: Spokane County's Comment on Key Tronic Certification of Completion

The following is in response to Dean Fowler's letter of August 26, 1993, concerning the above referenced Certification of Completion for the Colbert Landfill.

Mr. Fowler's letter expresses concerns over Ecology's recourse under the Certification of Completion to pursue further action against Key Tronic. Mr. Fowler's letter correctly points out that, beyond Key Tronic's contribution of \$4.2 million under the Consent Decree, Ecology reserves the right under paragraph XXX of the Consent Decree to institute further proceedings against Key Tronic. In regards to Mr. Fowler's concerns, this reservation of rights is explicitly provided for in the Certification of Completion at page 2, lines 17-19.
